

# Majestic Anti-Slip

Anti-Slip is a one step cleaner and polish which dramatically increases the slip resistance for all hard surface flooring. It may be used by itself or on previously sealed and polished floors. Anti-Slip is non-flammable, biodegradable, and free of phosphates, solvents, and abrasives. Dramatically increase the dynamic coefficient of friction on your hard surface with the use of this product!

**For Use On:** All stone, rigid, composite and previously sealed and polished floors.

**Available Sizes:** Gallon, 5 gallon, 55 gallon, case of 4 gallons

**Coverage:** Up to 10,000 sq. ft./gallon

**Product Features:**

- Cleans, polishes and protects • NO BUILD UP!
- Increases slip resistance on both wet and dry floors
- Immediate ROI by lowering your cost of risk!

## THOROUGHLY TESTED

**Directions:**

1. Sweep or dust mop all dirt and soiling from area to be treated.
2. Add 1-3 ounces of Majestic Anti-Slip per gallon of water to clean and treat normally soiled areas.
3. Heavily or more soiled areas should be cleaned first using Deep Cleaning Stripper Degreaser.
4. Apply and clean area using a microfiber mop or standard rayon blend mop. Do not rinse.
5. For very large areas, auto-scrubbers may be used. Experimentation may be necessary to perfect this type of application. Use with white pads.
6. To repair scuffs and/or increase shine, buff with burnisher and white pad.
7. Re-apply as needed.
8. Always test product to confirm results prior to general application.
