

# Majestic Marble Polishing Cream

An easy to use, non-abrasive polishing cream for restoring calcium based stone surfaces. Cream consistency is ideal for vertical surfaces, vanities and small areas.

**For Use On:** Marble, travertine, terrazzo and other calcium based stones. Always test a small area to check for desired outcome.

**Available Sizes:** 1 qt.

**Coverage:** 800 ft./qt.

**Product Features:**

- Ideal for vertical surfaces
- Removes light scratches and etch marks
- Easy to use formula

## THOROUGHLY TESTED

**Directions:**

1. Protect all adjacent surfaces with masking film/plastic. Remove all waxes and finishes using Majestic Deep Cleaning Stripper Degreaser.
2. Squirt 1 tbsp. of cream on the surface (or directly on the pad being used for vertical surfaces) in an area the size of the buffing pad.
3. Place machine with natural hair pad on top of the polishing cream, wet surface and begin buffing in a 3'X3' area. Be sure to maintain a wet slurry.
4. Vacuum or mop up after 45 seconds of buffing or when desired shine is achieved.
