Directions:

1. Mix 1 part Bath & Shower Cleaner to 4 parts water. Allow solution to remain in contact with the surface for 5 to 10 minutes.
2. Scrub surface to be cleaned with a soft bristle brush to break up and remove any soils.
3. Rinse the area with clear water. Pick up or wipe off any remaining residue.
4. Heavy accumulation areas more than one application may be required.
5. For cleaning drinking fountains, lavatories, bath tubs and shower stalls, apply freely with sprayer, sponge or soft brush.
6. Rinse well with clean water.
